Subject: Global Residual Truck Testing

Hi Bill and Beth,

I am writing to confirm that we are still planning on conducting residual oil tanker truck testing at Global in South Portland on Tuesday, July 2. Testing will commence at 7:00 a.m. and go until 5:00 p.m. I don't anticipate having to test on Wednesday.

Please respond to acknowledge. Have a great weekend.

Sincerely,

Anthony M. Stratton, QSTI
